Hi Ruth,

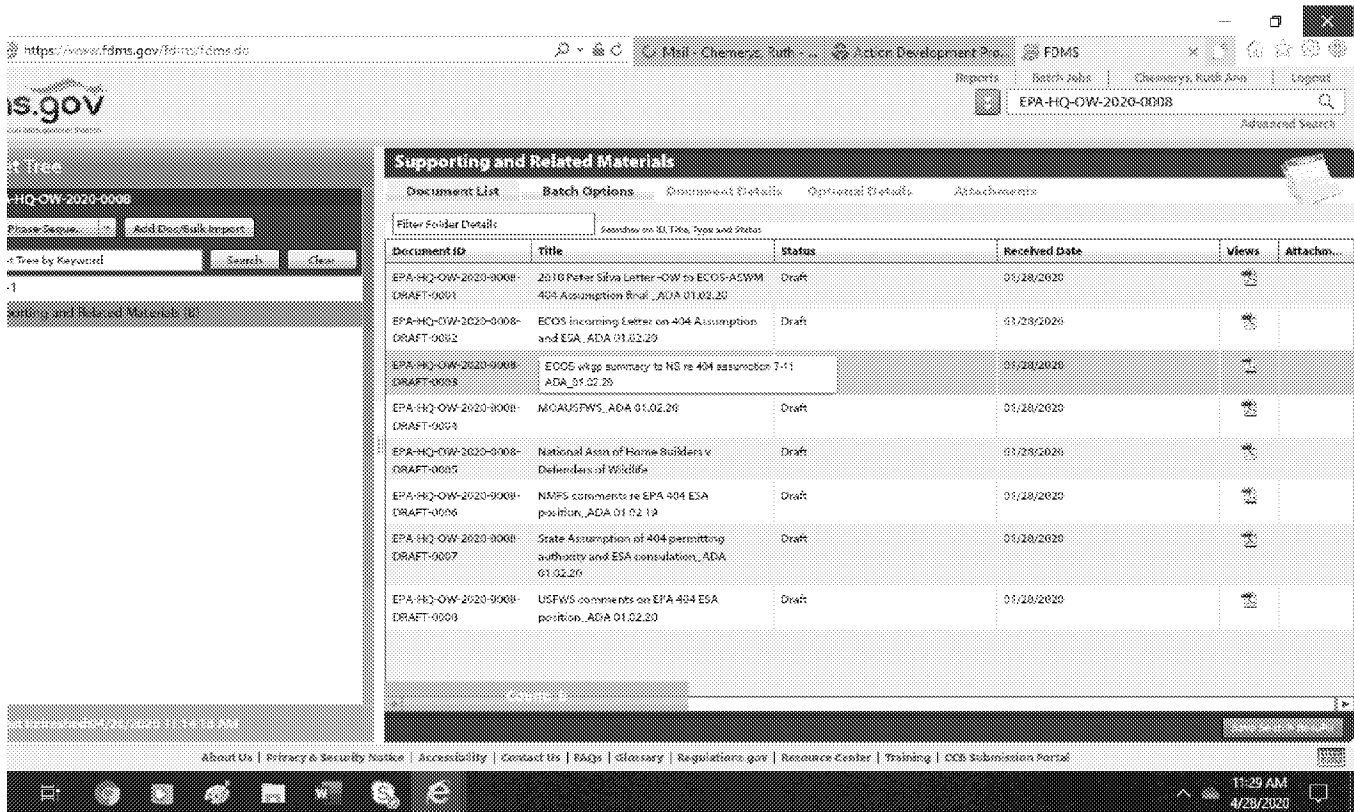

So looking at the attachments and the list below that you sent in another email:

- 1) I think we need to recheck with Mindy on the documents already uploaded. I'm not sure all that was uploaded should have been. I suspect the wrong documents were grabbed.
 - a. Definitely the MOAUSFWS document should not be here. I think that has to do with 402.
 - b.

Ex. 5 AC/DP
- 2) The docket is missing:
 - a. The FL white paper (what I open is basically a blank document)
 - b. The FDEP summary paper
 - c. The email transmitting the whitepaper. (Stephanie could not PDF it with just the email to Matt and Dave from FDEP.)

It looks like Stephanie tried to put the email and the white paper together (which I asked her to do but the merge did not work well – that is the first attachment).

I'll look for original documents (meaning not pdf'd) and share those this pm. I've FL call to get ready for.

Subject: ESA FRN documents not in docket

Kathy -

These are the 4 items that are not in the docket. Let me know which if any of these you want to include any of these.

1.Email from Simma to Stephanie forwarding FDEP Email white paper and summary (I think it's the same as third item)

2. FDEP summary paper

3.FDEP email to EPA 7.17.19 - this is actually an email from Simma to Stephanie forwarding the original email from FDEP to Dave Ross with their thoughts on consultation, including the white paper and it's summary, and explaining who developed the papers. I don't have just the email from FDEP by itself, just the one that Simma forwarded to Stephanie. This seems redundant with the first item. If need be, I could see I can excerpt just the email from FDEP to Dave Ross.

4. FDEP white paper

Subject: Seeking your help reviewing 508 compliant documents for FL ESA notice

hi Rose-

I wondered if you'd be able to review these documents for 508 compliance. I'll need to add to the docket for the ESA FRN. Stephanie Kelly had worked to make these compliant, but said that there are some glitches in a few of them.

Would you be willing and have time to review to make sure they are compliant, and make any fixes if possible? I probably should start putting into the docket within the next few days (I don't know how quickly this will get published.)

(Also, I haven't loaded anything into a docket directly for some time, so I might have questions for you later. I'll need to go back and review docket instructions.)

Thanks!
Ruth

Hey Kathy,

These were all the docket resources I reviewed for ADA. Sorry I was in a meeting hence the delay.

Best,

Stephanie

Thanks Stephanie, what I can't find is the folder that had all the documents we were going to put in the Docket that you had reviewed for 508 compliance. Thanks, Kathy

Hey Ruth,

No worries! I am going to forward you the last two things I sent to Kathy for the FRN. I am also going to check what I have as far as the notice goes. I know Mindy had sent it up to Dave sometime in March so I will forward that message as well. As far as I know the FRN was never loaded onto the sharepoint.

Also like I told Mike, I am happy to help with any ESA related questions. Though Kathy sounds like she got it, she did an great job briefing Dave yesterday!

Stay tuned for the message I will be forwarding and please stay safe and healthy. 😊

Sincerely,

Stephanie

Subject: Question re ESA FRN docket documents

Hi Stephanie-

Hope you are managing okay!

I'm going to help Kathy with the FRN, and wanted to check with you on where the documents for the ESA federal register notice are located. Didn't see them in the folder on SharePoint that you may have set up.

Thanks!

Ruth

(Hopefully sometime soon we can have a proper sendoff!)
